PROFESSIONAL SUMMARY

B. Tech (AI & ML) student with extensive hands-on experience in Python, SQL, Power BI, and Excel. Proven ability to process large datasets (50K+ records), build interactive KPI dashboards, and develop ML/computer vision solutions that enhance workflow efficiency by over 20%. Strong foundation in data analysis, relational databases, and predictive modeling.

TECHNICAL SKILLS

Programming & Libraries: Python, Pandas, NumPy, Matplotlib

Data Analysis Tools: SQL, Excel, Power BI

Database Management: Oracle SQL, MySQL, Microsoft SQL Server

Version Control: Git, GitHub

Other Tools: Microsoft Office, Documentation, Presentation

PROJECTS

Drone & CCTV Security Surveillance System | *GenAI Buildathon Project*

- Developed a real-time computer vision prototype using OpenCV and Python, processing live video streams, improving threat identification accuracy by 92%.
- Built autonomous flight simulation workflows with Mission Planner SITL, reducing system testing time by 30%.
- Designed automated alert triggers to enable rapid security monitoring and immediate perimeter threat response.

True Jobs Solutions | *Recruitment Platform Project*

- Built core backend workflows and applicant tracking modules using Python and SQL across 500+ simulated listings.
- Designed and optimized indexed relational schemas in MySQL, reducing search query response latency by 35% with 100% data integrity.
- Implemented candidate-job matching filters to streamline recruitment workflows and support data-driven decisions.

Movie Recommendation System | *Machine Learning Project*

- Developed a collaborative-filtering recommendation engine using Scikit-learn, optimizing query retrieval speed by 20% across 50K+ ratings.
- Engineered a cosine-similarity matrix pipeline, reducing memory overhead by 25% and delivering recommendations in <200ms.
- Designed automated rating normalization workflows to enhance feature extraction and recommendation relevance.

EDUCATION

B. Tech in Artificial Intelligence & Machine Learning, Jayamukhi Institute of Technological Sciences, Expected 2027

CGPA: 8.68/10

Intermediate (MPC), MJPTBCWR Jr. College, 2023

Score: 92.2%

SSC (Class X), MJPTBCWREIS, 2021

CGPA: 10/10

ACHIEVEMENTS & CERTIFICATIONS

- National Finalist at OpenAI Academy × NxtWave GenAI Buildathon (India AI Impact Summit 2026).
- State-Level Ideathon Finalist/Participant — TASK Telangana.
- Introduction to Data Science — Infosys Springboard
- Java - Mastering Fundamentals — Scaler Academy
